NSE to introduce 7 firms in futures & options segment

The National Stock Exchange (NSE) will introduce seven companies, including United Spirits and PC Jeweller, in the futures and options segment from February 26, reports **PTI**. Apart from Cummins India, Indo Count Industries, Tata Elxsi, KPIT Technologies and Granules India will be traded in the derivatives segment. Futures and options contracts on these seven additional securities would be available for trading with effect from February 26.
