As part of its Independent Assurance, we assessed the appropriateness and robustness of underlying reporting systems and processes used to collect, analyse and review the information reported. In this process, we undertook the following activities:

The assessment was carried out through physical site visits at Hyderabad's Corporate Office, API Unit I, Finished Dosage Unit, R&D Units 1 and 3, and API Units IV and V.

Bureau Veritas interviewed personnel of Company including HR & Admin, EHS, Engineering & Maintenance, SCM, Finance & Accounts, Quality Assurance & Quality Control, Legal & Compliance, Information Technology and other relevant departments and review of Company's data & information systems for collection, aggregation, analysis and review.

Data on various GRI disclosures were assessed for the locations that were visited. Later, it was confirmed that the same assessed data went into preparation of the final data within the Sustainability Report 2025-26.

Management Responsibility

The Selection of reporting criteria, reporting period, reporting boundary, monitoring and measurement of data, preparation, and presentation of information in the Sustainability report are the sole responsibility of the Company and its management. We are not involved in drafting or preparation of Sustainability Report. Our sole responsibility is to provide Independent Assurance on the Sustainability report for the financial year ended 31st March 2026.

Our findings

On the basis of our methodology and the activities described above,

- Nothing has come to our attention to indicate that the GRI disclosures are inaccurate or that the information included therein is not fairly stated.
- It is our opinion that Company has established appropriate systems for the collection, aggregation, and analysis of data on Sustainability/Non-Financial performance disclosures with reference to GRI.

- The Sustainability Report provides a fair representation of the Company's activities as included therein.
- The information is presented in a clear, understandable, and accessible manner, and allows readers to form a balanced opinion over the Company and status during the reporting period.

Limitations and Exclusions

Excluded from the scope of our work is any assurance of information relating to:

- Activities outside the defined assurance period.
- Positional statements (expressions of opinion, belief, aim or future intention by the Company and statements of future commitment).
- Competitive claims in the report claiming, "first company in India", "first time in India", "first of its kind", etc.

Our assurance does not extend to the activities and operations of the Company outside of the scope and geographical boundaries as well as the operations undertaken by any subsidiaries or joint ventures of the Company.

Our assurance on economic and financial performance data or information of the Company is based only on the annual audited statement of accounts of the Company for the Financial Year 2025-26, and our conclusions rest solely upon that audited report.

This independent statement should not be relied upon to detect all errors, omissions or misstatements that may exist within the Report.

Conclusion

Based on the procedures performed and the evidence obtained, nothing has come to our attention that causes us to believe that the sustainability disclosures in the Granule India Limited's Sustainability Report for the year ended 31-03-2026, prepared with reference to the GRI Standards 2021, are not fairly presented, in all material respects.
